Its a high potential that we would be doing home visits next week from Wed. to Friday, explaining the resident's data packages for week one and need OSCs (two at the most) to help with that.. You would be paired with a CIC (Trish Taylor) and most likely have Karl Markiewitz from ATSDR with you. Can you let me know if you are interested/available. I would be letting you know for sure by Monday or Tuesday next week.

Thanks.
